Partner

## Identifying The Main Hurdle Of The Aesthetic Industry

When you hear about ablative laser treatments, aesthetic surgical procedures, injections, and microneedling, are you immediately haunted by visions of inflamed, sore, bruised skin? *We feel you!*

In fact, many are actually keen to beautify themselves through laser and other aesthetic procedures, but might decide not to proceed due to the nightmarish post-treatment side effects!

With the right post-treatment care, besides ensuring minimal post-procedure side effects, it helps maintain positive results of laser treatments and prevent scars<sup>1</sup>.

## Minimizing Risks and Maximizing Outcome

SkinMTX's Dermat Series is specially formulated to provide essential post-procedure care to maximise the procedure outcome, speed up recovery, minimise risks of infection and scarring while providing comfort from tenderness and itching.

## Exceptional Components For Post-Procedure Care

SkinMTX's Dermat Series consists of 4 products that when used in combination, creates the ideal environment for a smooth and speedy recovery. Each one is meticulously formulated with an exceptional range of actives that works together with greater efficacy.

<sup>1</sup> EDITORIAL SPOTLIGHT: SURGICAL UPDATES  
1 MARCH/APRIL 2014 Post-Procedure Skincare,  
by Modern Aesthetics.com

## Post-Procedure Care Basics

- + Reduce risk of infection
- + Reduce inflammation and flare-ups
- + Restore equilibrium & accelerate healing
- + Optimal Hydration
- + UV Protection

## ADVANCED RESTORATIVE SERUM

*Regenerative Serum that speeds up skin healing*

Unique recovery formulation that aids in dermal healing after aggressive aesthetic treatments. Restores skin balance, calming relief from burning sensations post-laser treatment.

## ELEVATE YOUR AESTHETIC REGIMENS

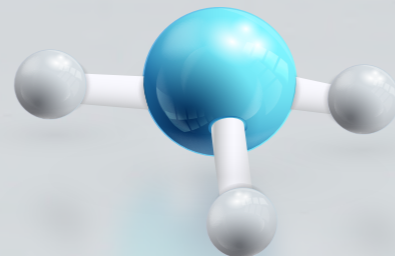

# DESIGNED FOR *POST-PROCEDURE CARE*

SkinMTX Dermat Series, your essential range to complete your post-procedure regime, protecting your delicate skin and speed up the healing process

## DELICATE CLEANSING MOUSSE

*Gentle Cleansing with anti-microbial action to prevent infection*

Gentle Cleansing with anti-microbial action to prevent infection

+

## ADVANCED RECONDITIONING CREAM

*Restorative Cream that nourishes and rebuilds skin's protective barrier*

Shields the skin from external aggressors while it helps the skin rebuild its moisture barrier. Speeds up skin regeneration, resulting in a renewed, pristine-looking complexion.

+

## HYDRATING MIST

*Soothe Flare-Ups with a hydrating and comforting mist*

Fine spray envelops the skin with a soothing protective layer, calming irritations and restores comfort to sensitized skin.
